

A Word from our President

2018 was a year of successful additions to our calendar and challenging changes to our sponsorship. The board continues to keep united in their vision for delivering quality education, inspiring presenters and opportunities for staff to grow and remain loyal to you—we even have 2020 in the process of being organised!

Only with clear strong visions, proven direction and loyalty from members will our major sponsors keep loyal to us.

The board have planned another great year with six varied events. Intercoiffure is about sharing, education, inspiration, — 2019 will be no different.

The annual Congress is going to have a major facelift—we have listened to your feedback and implemented some fab new initiatives- something to look forward too!

Remember you only get something out of your membership if you put in - attend events, send your staff and enjoy.
